Maths Vocabulary Progression

Document

EYFS – Year 6

This document is designed to assist with the teaching of vocabulary across EYFS, KS1 and KS2 and is aligned with the White Roseschemes of learning and our long-term planning. This document identifies in which year group vocabulary should be explicitly taught and introduced. However, language should be revisited in subsequent year groups to ensure children are consolidating their understanding.

Some vocabulary might be introduced earlier (shapes for instance) if necessary or as part of an activity, however this documentensures coverage is progressive.
